## HONEST, NORTHERN-GROWN FRUIT TREES

**A** SELECTION of proved varieties in top commercial size at about the lowest price that permits full quality and careful tagging and packing. Each tree is the largest available for its age and ages offered are those recommended by government and other experts in each case.

### APPLES

	(Each)	(10)
2-yr. $\frac{1}{8}$ in. (5 ft.)	\$ .80	\$6.00

Ask for special prices for 100 or more.

#### SUMMER VARIETIES

**Early Harvest**—Yellow, medium size. August.  
**Red Astrachan**—Red, large. August.  
**Early McIntosh**—Good new sort.  
**Yellow Transparent**—Pale yellow, good. August. Needs heavy pruning.

#### AUTUMN APPLES

**Duchess**—Yellow, streaked red.  
**Wealthy**—Deep red, white flesh. Prune and fertilizer needed.

#### WINTER VARIETIES

**Baldwin**—Red, large.  
**Cortland**—A beautiful red; larger than McIntosh and ripening a month later.  
**Delicious**—Large, red.  
**King (Tompkins)**—Crimson, large. Good fruit; poor tree.  
**McIntosh**—One of the best red; November, February.  
**Northern Spy**—Yellow and red; large.  
**Rhode Island Greening**—Greenish yellow; large. Heavy soil.  
**Red Rome Beauty**—Fine old kind.

#### LARGER TREES FOR QUICK RESULTS

A heavy 6 to 7 foot tree 3 years old in following kinds only:

**Early McIntosh, King, Red Astrachan, Baldwin, Cortland, McIntosh, Northern Spy, Red Delicious, R. I. Greening.**  
Price: \$1.25 each (5 for \$5.00)

### CHERRIES

	(Each)	(10)
2-yr. $\frac{1}{8}$ in.	\$1.00	\$9.00

#### SWEET (*Prunus avium*)

**Black Tartarian**—Black. Early.  
**Gov. Wood**—Red on white. Early.  
**Yellow Spanish**—Early. Yellow.

#### SOUR (*Prunus cerasus*)

**Early Richmond**—Red. Early.  
**Montmorency**—Red. Mid-season.  
**English Morello**—Late. Dark red.

**FALL BEARING (New) (Patent 94)**  
**Sweet September**—Red, large, tasty.  
Bears Sept. to frost.  
3 to 4 ft. \$2.50 each  
5 for \$10.00

### PEARS

Unlike other fruits, pears should not be allowed to ripen on the tree, but should be picked green and stored in a dark, cool place where they can ripen perfectly.

	(Each)	(10)
2-yr. (5 ft.)	\$ .90	\$7.00

**Anjou**—Winter. Buttery and juicy.  
**Bartlett**—Summer. Yellow. Melting, fragrant.  
**Clapp's Favorite**—Summer. Good, but blights.  
**Seckel**—Fall. Small but good.  
**Sheldon**—Fall. White flesh. High quality.  
**Beurre Bosc**—Late. Bronze. Delicious.

### PEACHES

	(Each)	(10)
1-yr. $\frac{3}{8}$ in. (4 ft.)	\$ .60	\$5.00

Varieties: In the order of their ripening.

**Greensboro**—White flesh, red cheek.  
**Carman**—White, red. Freestone.  
**Champion**—White and red. Free.  
**Crawford Early**—Yellow. Free.  
**Belle of Georgia**—White, red. Free.  
**Early Elberta**—Yellow. Free.  
**Rochester**—Yellow. Freestone. Prolific.  
**Elberta**—Yellow. Freestone. The most popular.  
**J. I. Freestone**—Yellow. Freestone.  
**Crawford Late**—Yellow. Freestone.

### QUINCE

	(Each)
2-yr. $\frac{1}{8}$ in.	\$1.00

**Orange and Champion.**

### PLUMS

	(Each)	(10)
2-yr. $\frac{1}{8}$ in.	\$ .90	\$7.00

**Abundance**—Medium size, cherry red, perfumed. Flesh yellow, juicy, tender.  
**Burbank**—Large, cherry red. Flesh yellow, sweet, firm; tree vigorous.  
**Damson**—Small blue; flesh juicy, tender, sweet; reliable grower.  
**Green Gage**—Familiar eating plum of European type. Still good, though old.

*If sizes or varieties you want are not here, write for complete list No. 130.*

# HYBRID BLUEBERRIES

Look at these berries!

Photograph is life-size. Light blue color.

## Needs only an acid soil

Blueberries require an acid soil containing peat or other rotted vegetable matter. They need a moderate supply of soil-moisture, and good drainage so that the roots can get air during the growing season.

Huge new berries in July on neat, ornamental bushes.

	(Each)	(10)	(100)
2 year (6 to 12 in.)	\$ .90	\$ 6.00	\$47.50
3 year (12 to 15 in.)	1.15	8.00	57.50
3 year (15 to 18 in.)	1.50	9.50	67.50
4 year (18 to 24 in.)	1.75	12.50	95.00

**Rubel.** Vigorous. Large blue berries in July.

**Rancocas.** Slender, upright bush. Berries larger than Rubel, a few days earlier.

**Concord.** A large bush with huge berries of fine flavor. Early July.

**Jersey.** The largest bush, also the largest berries. Vigorous. Light blue.

**Cabot.** The earliest. Broad, low bush. Delicious berries.

A 4-foot hedge, about 6 years after planting the 15-18 inch plants in photo below.

## UPRIGHT HARDY YEW HEDGE

(*Taxus cuspidata capitata*)

**TREE FORM** Hardy Yew (*Taxus Cuspidata*) is undoubtedly the best hedge plant for north-eastern America. It responds to shearing with a dense even textured surface. It grows fairly rapidly the first few years and then slows down to a yearly growth which permits it to be kept easily around 6 to 8 feet high and 3 to 4 feet wide.

	(Each)	(10)	(25)	(100)	(1000)
10 to 12 in. X (light).....			\$ 10.00	\$ 36.00	\$350.00
12 to 15 in. XX.....	\$ 7.50	16.50	50.00	.....	.....
15 to 18 in. XX.....	10.00	18.00	60.00	.....	.....

3 to 4 ft. B&B.....	\$7.00	50.00	125.00	470.00	.....

Stabler

Thomas

English Walnut

## BLIGHT-RESISTANT CHESTNUTS

**Chinese Chestnut** (*Castanea mollissima*). Similar to the dying American, of fine flavor, and sweet. It is inured to the Chestnut blight. Lives and bears Zone V.

	(10)	(100)
2 to 3 ft. (transplanted, sturdy).....	\$9.00	\$60.00

—**Grafted Trees.** Still better nut-bearing. Bear about as soon as apples. We strongly recommend these. Varieties Carr, Zimmerman, Hobson, and Conn. Yankee.

	(Each)	(10)		(Each)	(10)
4 to 5 feet...	\$2.00	\$18.50	6 to 7 feet....	\$2.75	\$26.25
5 to 6 feet...	2.25	21.00	8 to 10 feet...	4.00	39.00

**Japanese Chestnut**—Very like the Chinese. Even quicker to bear, but lower quality.

	(Each)	(10)	(100)
4 to 5 feet.....	\$1.75	\$13.00	\$100.00
6 to 8 feet.....	2.75	24.50	210.00

## BLACK WALNUTS

One of our most beautiful native trees, growing well in any fertile well drained soil. The grafted sorts bear their first nuts commonly in the third to fifth year.

**Stabler** meat falls out easily in halves or one piece and is of a rich mellow flavor. A fine spreading specimen.

**Thomas** is a rapid-growing tree. The meat is attractive and tasty, but does not crack as easily as the Stabler.

	(Each)	(10)		(Each)	(10)
3 to 4 feet...	\$2.25	\$19.00	5 to 6 feet....	\$2.75	\$25.00
4 to 5 feet....	2.50	22.00	6 to 8 feet.....	3.25	30.00

A hedge of 15 to 18 inches xx yew (set 18 inches apart) photographed same day it was set.

## A Hedge of Hemlock

Hemlock hedges (*Tsuga canadensis*) when properly sheared give a fine, even, smooth dark green surface unlike any other hedge. The plant thrives in soils ranging from ordinary to damp, and from full sun to full shade, hence is easy to grow. Set plants 1½ feet apart.

	(100)	(1000)
<b>Special Hedge Grade</b>		
12 to 18 in. X.....	\$28.00	\$240.00
12 to 18 in. B&B.....	32.00	265.00

10 to 12 in. X.....	3.50	12.00	85.00

PICEA (Spruce)	(25)	(100)	(1000)
— <b>alba</b> (White Spruce)			
4 to 8 in. S.....	.....	\$ 20.00	
4 to 10 in. X.....	\$ 6.50	44.00	
12 to 15 in. X.....	\$5.00	16.00	125.00
— <b>canadensis</b> (Black Hills Spruce)			
4 to 8 in. X.....	3.50	9.00	55.00
— <b>englemanni</b> (Englemann's Blue)			
4 to 6 in. S.....	3.00	9.00	60.00
— <b>excelsa</b> (Norway Spruce)			
This variety will thrive in dense shade and succeeds in heavy, damp soil.			
6 to 8 in. S.....	.....	17.50	
5 to 10 in. X.....	3.00	7.00	44.00
6 to 12 in. XX.....	4.50	15.00	105.00
12 to 15 in. XX.....	8.00	30.00	275.00
— <b>pungens</b> (Colorado Blue Spruce)			
This species varies in color from blue to green. The ultimate color of these trees cannot be determined until they reach a height of 2 or 3 feet.			
3 to 6 in. X.....	11.00	65.00	
4 to 10 in. X.....	5.00	15.00	105.00
6 to 10 in. XX.....	5.00	18.00	150.00

PINUS (Pine)	(25)	(100)	(1000)
— <b>mughus</b> (Mugho Pine)			
3 to 5 in. X.....	8.00	55.00	
4 to 10 in. X.....	3.50	12.00	75.00
8 to 12 in. XX.....	8.00	32.00	240.00
— <b>nigra</b> (Austrian Pine)			
Hardy, fast growing, much used as a wind-break in estates near the ocean.			
3 to 7 in. X.....	7.50	50.00	
4 to 10 in. XX.....	3.50	10.00	60.00
12 to 15 in. XX.....	10.00	37.50	290.00
— <b>resinosa</b> (Norway Red Pine)			
3 to 5 in. X.....	4.50	30.00	
5 to 10 in. X.....	6.00	40.00	
6 to 12 in. XX.....	8.50	60.00	
12 to 18 in. XX.....	6.00	15.00	90.00
— <b>sylvestris</b> (Scotch Pine)			
The variety par excellence for poor soils—even dry sand wastes.			
4 to 6 in. S.....	.....	20.00	
4 to 10 in. X.....	6.00	37.50	
6 to 12 in. XX.....	3.00	8.00	45.00

18 to 24 in.....	3.50	20.00	
3 to 4 ft.....	3.00	7.00	35.00

### Evergreen Seedlings ("S")

Should be planted about four inches apart in beds. Here they are left two years and for the first year, during the heat of the first Summer, should be shaded by a lath screen.

### Transplants ("X")

Evergreens that have been moved, or have had their roots pruned, form a close compact ball of fibrous roots. To be planted out in the open field in rows.

### Small Deciduous Trees

Deciduous trees and shrubs need pruning back upon planting. With deciduous shrubs cut to the ground upon setting them out. Trees with a single stem: prune off side twigs when planting, and then a month later go over the planting again and cut away all but one single stem.

THE YEAR AFTER PLANTING, these little Pines were about 1½ feet high, twice transplanted, and cost about 30c each.

TWENTY YEARS LATER the photo taken near the same place shows a young forest. Trees are 25 to 30 feet high. Worth \$50.00 or more each!

# YOUNG ARISTOCRATS

**U**NUSUAL and rare varieties . . . true-to-name because they are grafted . . . easy to grow because they have already passed a season out-of-doors. No winter protection is needed, nor other special treatment. All Balled and Burlapped for still easier handling. (Except items marked B. R.) This is an amazing opportunity to plant rare and delightful evergreens, trees, and shrubs at little cost. (Weight 1 to 3 pounds each.) F.O.B. Long Island.

## Start Your Own Nursery

Wise old gardeners, you will notice, always have a few rows of trees and shrubs growing for future plantings. Even if your garden is now planted with ordinary background shrubs and specimens, why not set aside among your flowerbeds enough space here and there to plant a young aristocrat? In a few years, when larger, it can replace an inferior shrub and:

1. Save Money.
2. Save Delays.
3. Save Disappointments.
4. Save Transportation Costs.
5. Culture Not Difficult.
6. Rare and Interesting Varieties.

## EVERGREENS

### Cedrus (TRUE CEDAR)

— <i>Atlantica fastigiata</i> (Sentinel Cedar). Tall green pillar.			
(Each)	(10)	(100)	
12 to 15 in. ....	\$1.50	\$12.50	\$110.00

18-24 in. graft

## GABLES HARDY HYBRID AZALEAS

A collection of new hybrids of diverse parentage as showy as Kurume Azaleas, but really hardy in Zone V. Most are deciduous or partly so, but two are thoroughly evergreen in the North. We prophesy enormous popularity for this achievement of one of our foremost American hybridists—Mr. Joseph B. Gable—who has been laboring on them over ten years. Bloom from early May to June.

(Each) (6)

1 year 3 to 6 inch ..... \$3.75  
2 year 8 to 12 inch B&B. .... \$1.50 7.50

**Caroline Gable**—Double, pink. Startling.

**La Lumiere**—Bright red. Shapely. Evergreen.

**Mildred Mae**—Broad, dwarf. Orchid, red-spotted. One of the best evergreen Azaleas.

**Miriam**—Early deep pink. Profuse.

**Old Faithful**—Early, deep orchid. Large grower. Good bloomer.

Those disappointed last spring will do well to order now. A larger stock available but still larger demand.

## SMALL RHODODENDRON FROM CUTTINGS

Left: Gable Azalea; Right: 2-Year Named Rhododendron Cutting.

### Named Hardy Hybrids

Here are the first named Hybrids to be commercially offered from cuttings. It is a special process which results in a well-budded growth, quick and full of vitality. In our opinion a 1-year field grown plant makes as vigorous branched growth as a 1-year old graft! Also, it is own-root and should prove slightly hardier in the north than grafts. F.O.B. Maryland, dug with small ball of earth.

### PRICES

1-year 3 to 6 inch transplants  
any five for \$3.75 (\$65.00 per 100)

### VARIETIES

**Album grandiflorum**  
Blush-white, compact.

**Caractacus**  
Compact, bright red.

**Catawbiense album**  
Pure white, compact.

**Catawbiense grandiflorum**  
Lavender.

**Giganteum**  
Early, bright rose.

**Ignatius Sargent**  
Light red. Lusty.

**Roseum Elegans**  
Shapely, bushy, rose.

**Roseum Superbum**  
Similar. Clear pink.

## GRAFTED HYBRID RHODODENDRON

F.O.B. New Jersey. Strong 2-year grafts, 10 to 12 inch B&B. Bushy well-rooted little plants. 5 plants for \$9.50.

**Album elegans**—V—white. Late.

**America**—V—deep red.

**Amphion**—V—pink, white eye.

**Catawbiense album**—V—white.

**Catawbiense grandiflorum**—VI—rose.

**Dresselhuys**—V—fine aniline red.

**Ignatius Sargent**—V—good rose.

**Lee's Dark Purple**—V—good purple.

**Mrs. C. S. Sargent**—V—best pink.

**Pres. Lincoln**—V—lilac pink.

**Roseum elegans**—V—rose, dwarf.

# YOUNG NATIVE ARISTOCRATS

## RHODODENDRONS

for as low as . . . **23<sup>c</sup>**

**SIZE 1: As small as ships safely.** 12 to 15 Inches  
1 to 3 Stems

Rhododendron	(10)	(25)	(100)
maximum.....	\$5.00	\$ 9.00	\$23.00
carolina.....	5.50	10.00	35.00
catawbiense.....	5.50	10.00	35.00

Aazaleas	(10)	(25)	(100)
Calendulacea.....	5.50	10.00	35.00
arborescens.....	5.50	11.00	38.50
viscosa.....	5.50	10.00	35.00
Nudiflora.....	5.50	10.00	35.00

Leucothoe	(10)	(25)	(100)
catesbaei.....	5.50	9.00	35.00

Kalmia (Mountain Laurel)	(10)	(25)	(100)
latifolia.....	5.00	9.00	30.00

This special "Young Aristocrat" grade measures 12 to 15 inches with a small ball, weighing one or two pounds only. This stock is not to be compared for a minute with ordinary collected plants. It is on the contrary all carefully dug, the greatest pains being taken to preserve the roots. Carefully packed, it is easily planted and makes a quick start. Shipped from North Carolina, yet express runs only about 6c each (in 100 lots).

(Photo): Size 1 Rhododendron 3 Years After Planting.  
(Insert): Kalmia, Size 1, As It Arrives.

**SIZE 2: As small as is shapely.** 12 to 15 Inch Clumps (B. & B.)  
4 to 6 Stems to a Clump

Azalea	(10)	(25)	(100)
Calendulacaea....	\$7.50	\$14.00	\$55.00

Kalmia (Mtn. Laurel)	(10)	(25)	(100)
Latifolia.....	7.50	15.00	55.00

Rhododendron	(10)	(25)	(100)
Carolina.....	8.50	18.50	75.00
Catawbiense.....	8.50	18.50	75.00
Maximum.....	7.50	15.00	55.00

These might be called "Junior Specimens." Each plant has 4 to 6 main stems coming from the ground, besides side-branches. The ball weighs about 5 pounds per plant, and each ball is individually burlapped. They are 2 to 3 years older than Size 1. (f.o.b. N. Car.) Express runs about 20 cents per plant. You can expect some blooms the year after planting—a few this Spring!

### SIZE 3: Specimens

Rhododendron Maximum	(Each)	(10)
(3 to 4 ft. B&B.)	\$2.75	\$21.00

Kalmia Latifolia	(2 to 3 ft. B&B.)	2.25	19.50
(5 plants all one kind or mixed for \$10.00)			

These run 8 main stems or more to each clump. Weight 30 to 50 pounds each. Shipped from the Poconos in Penn.

## BARGAINS IN LARGER SHADE TREES

**T**HOSE who want quick results yet not have to pay for full specimens can here select from the best kinds of trees at enormous savings. We offer nice, well-rooted, transplanted stock between 4 and 8 feet high. They are young and transplant more easily and grow more vigorously than older stock. Yet you save 2 to 4 years over small seedling sizes at little extra cost. Packing included if cash accompanies your order.

## How to Order to Obtain These Prices

These evergreens are Connecticut-grown, weight packed averages 20 lbs. each. Packing charge is \$2.00 for 12 (the minimum order accepted at these prices). **You may assort the 12 evergreens any way you wish from list.** Trucked orders (100 minimum) arranged inexpensively within the Boston, Albany, New York circle.

Exactly 12 evergreens will cost exactly \$2.00 extra to pack, also units of 12. Other quantities in proportion. But not less than 12 are sold at these prices.

## STILL LARGER BARGAINS

Also in the same block some heavier specimens, **packing at cost of lumber**, exceptionally bushy, heavy trees, sheared and shapely:

SCOTCH PINE.....	3 to 4 ft. B&B	\$2.00
WHITE SPRUCE.....	2½ to 3 ft. B&B	1.60
NORWAY SPRUCE.....	2½ to 3 ft. B&B	1.30
COLORADO SPRUCE.....	3 to 4 ft. B&B	1.60
COLORADO (BLUES).....	3 to 4 ft. B&B	2.20
